

RUBISLAW PARK
CARE HOME

THE HIGHEST STANDARDS OF QUALITY & CARE

WELCOME TO RUBISLAW PARK

A LUXURY LIFESTYLE, THAT IS TAILORED EXCLUSIVELY FOR YOU

Rubislaw Park Care Home is a stunning private nursing home which offers up to 86 residents' exceptional levels of Residential, Nursing, Dementia and Respite Care.

Our attentive, sympathetic and considerate care team is supported 24 hours a day, seven days a week by an experienced, qualified nursing team.

Situated in the desirable location of the West End of Aberdeen, Rubislaw Park is a truly unique environment that promises to cater for each one of our residents' needs.

Building and maintaining fantastic community links is very important to both the care team and residents, and we work alongside local schools and nurseries with the aim of providing intergenerational care and experiences.

We want our residents to be able to access all services, facilities and activities at Rubislaw Park equally, without the worry about additional costs, therefore these are offered on an all-inclusive basis.

***“From the initial offer of a place, all the way through to her admission, the home and their staff were excellent. Not just professional, but also very caring and provided a bespoke personal touch tailored to my mum's needs.*”**

SON OF A RESIDENT

OUR FACILITIES WILL EXCEED YOUR EXPECTATIONS

Rubislaw Park is about as far away from a traditional care home as it's possible to get. We have put a great deal of investment and consideration into creating a lavish lifestyle for our residents.

Offering luxury and spacious accommodation across two floors, Rubislaw Park has been purpose-built to encourage small group living in small units. Every unit benefits from its own lounge and dining room as well as access to an outdoor area.

The home is surrounded by beautiful woodland and extensive gardens; the views of which can be enjoyed from all our bedrooms. Some of the rooms have French doors which provide direct garden access. We have invested heavily in our outdoor space so that residents have the choice of relaxing in our landscaped gardens, walled garden or two enclosed courtyard gardens.

Our attention to detail for both the little things and the big things is what sets us apart – something we are incredibly proud of.

AT RUBISLAW PARK, YOU CAN ENJOY:

Full Activities Programme | Private Enclosed Gardens | Bar
Cinema Room | Choice of Cosy Lounges | Fine Dining & Onsite Chef | Private Dining Facilities
Chauffeur Driven Car | Hair Salon & Treatment Room | Library

THERE'S ALWAYS TIME TO SIT BACK, RELAX & ENJOY THE FINER THINGS IN LIFE

Dining at Rubislaw Park reflects the sophistication of our residents, with delicious, fine cuisine served up by our on-site Chefs.

We are happy to accommodate dietary requirements and requests, no matter how unusual. It this collaboration with our residents, both in our kitchen and throughout the home, that is a real point of difference for us: personal choice and preference is so important and our team value and understand this.

We have two Activities Co-ordinators that ensure there is always something interesting and stimulating on offer. We have a varied programme of entertainment, social events and activities available – from a weekly pub quiz, Friday night happy hour, arts and crafts to games and visiting entertainers. Restrictions permitting, we also regularly organise day outings to areas of interest, or shopping trips in our minibus.

“The activities in the home are great, always something different happening and always with great enthusiasm!”
